

QARM

MONTHLY BULLETIN OF THE QUINTE AMATEUR RADIO CLUB
BELLEVILLE, ONTARIO.

Next meeting Date Wednesday Sept. 17/52
Time 7.30 P.M.
Place R.C.E.M.E. Centre Pinnacle St.

Programme A talk will be given on the proposed activities of the R.C.E.M.E. in the coming year. This talk should prove very interesting and well worth hearing.

There will be a discussion on T.V.I. conducted by Ross Dryden and Harold Enright. If you have any problems on this subject bring them along to the meeting and let's get the T.V.I. problem cleared up in this area.

Presidents Corner -

During the summer months your executive has been busy lining up the fall activities. We feel that the meetings planned will meet with your approval. All we ask is that you give us your support and attendance.

Our membership is substantial and our treasury is on a sound footing. The filaments are hot, fellows so shoot the power to it and we will see you out on the 17th.

A1 3BCV.

Raffle -

Three rusty wires will conduct a raffle on a year's subscription to Q.S.T. so bring along an extra dime (Canadian that is).

Field Day -

The annual A.R.R.L. Field day was held at Roblin Lake with a swell turnout of phone operators but we were lacking on the C.W. end. That is probably one of the reasons that our score was only 2007 Points. Although the 75 meter boys came through with flying colours. However everyone present had a top notch time and many thanks are due to the R.C.A.F. and the R.C.E.M.E. for their generous loan of equipment. Next year it is hoped to have hot food and coffee available all night long. P.S. Don't forget the Hi-Freq. Meet coming up in the near future.

Listening Around the Bands -

75 Meter Band has been usually noisy, tonight I hear the net going F.B. also Ont. Fone Club on Sunday. While on vacation I was able to listen to the Sunday A.M. net and the rest of 75 meters on a four tube battery portable B.C. band; so much for B.C.I. at 100 miles or more.

40 Meter Band Early morning UK's & ZL's are petering out. DX to Europe is coming up. With lessening of the noise level things will be F.B. W4's WQ's & W5's can be worked most nights now with plenty of Q.R.N.

20 Meter Band has been good for short skip and sun G's & LU's (N.Africa), lately band is open late in the evening.

10 Meter Band Infrequent short skip in day time. You've got to be there at the rite time.

15 Meter Band Very Bad so far

6 meter Band Was very disappointing this summer. VE3NN couldn't find much to work except Peterboro on a sked at 9.30 P.M. Locally 6 is temporarily dead.

Harold 3BSQ

Picnic

The annual picnic of the Q.A.R.C. was held at Presqu'ile beach on Sunday Aug. 17. The early morning weather didn't look to promissing but the day turned out to be 100%. There was a swell turnout including a mobile rig courtesy of 3BTQ. There was plenty of ice cream and drinks for all. Races were held for the Jr. Op's and the YL's while Bingo was conducted by Bill Thompson for the XYL's and OM's. The prizes included a 201A While Al Smith 3 BCV won the Philco Multitester.

Banquet Night 1952

The big do is coming up in the near future. It is hoped that we will have as large a turnout as we had last year. This is the one big event during the year and it gives you a chance to take the XYL or the YL out to a good turkey Ham" dinner. The cost will be \$1.75 per person, but the club will 25¢ of the price so you will only pay \$1.50 per Person. This includes a turkey dinner and an evening of top notch entertainment. We have been fortunate to obtain vocalist Ethel Smith. Tickets will be on sale at the next meeting so be sure to bring some of that green stuff along.

Heard on the Air

Hear Harold 3BSQ will be on 75 shortly -- Somebody get on 2 meters and give Albert Bakyta 3BHK and Howard Fralick 3CAB one lousy contact--Bill Thompson 3RW will be on shortly with high power Where did "Lucky" Cousins win the Truck?--Heard 3BUY an after a long absence--wonder if Herman has a rig in that boat--Mike 3AGT now on 20, fed up with 75 Mike?--What happened to the old reliables from Trenton?--3ADJ Jack is working quite a few mobile contacts--Sorry to hear John Grant has left our midst. anybody seen Rae 3BPR--We hear Doc Bruels will inoculate anybody against T.V.I.-- When is the next auction? hi hi -- Hope the RCEME portable generator is still in good shape--Ross Dryden 3AUU is putting up a 40 meter vertical for those VK's & G's--

If you have any friends interested in Amateur Radio bring them out next meeting.
