QUINTE QRM

VE3KBR

MEETING DATE 14 Jan. 197⁶ Wednesday.

Time 8 PM.

PLACE LOYALIST COLLEGE, Kente Building Room 3L10.

PROGRAM DOUG HINTON Bell Training Center. DOUG promised he would provide an interesting talk. At the November meeting he gave us a preview and it promises to be a good one.

A HAPPY AND PROSPEROUS NEW YEAR TO ONE AND ALL. Good DX with that new antenna, rig or whatever Santa left under the tree.

Future activities include a transmitter hunt. Rick VE3EJB will be in charge of this event once again.

MARCEL VE2BGC/VL3 has a new portable TR2200G & is having a ball aeronautical mobile.

Just to make you laugh after telling you of the dues increase I am including a few gens passed on by a friend who works in a Provincial Govt. office in Toronto. He was in the shack the other day and we typed up a few sentences from letters he had received in dealing with complaints. See sheet included with the Bulletin.

Ye Old Editor VE3RL.

WANTED 6907 tubes, Ron Mason VE3GAB. Similar to 5894 except physically smaller.

NOEL EATON's talk at the Dec. Meeting was well received. A large crowd turned out to hear Noel explain the workings of the I.A.R.U. and the I.T.U. Old timers are familiar with these organizations and the political aspects of the situation. Newer amateurs we are sure, now have a better understanding of the international aspects of our hobby. The speaker was introduced by BILL VE3VA and thanked by ART VE3AHUP

After the Xmas season a fast scan TV demonstration will be given at one of our regular meetings. RON VE3GAB will move his gear to the Loyalist meeting room and Howard VE3RL will transmit from his QTH Via 439.25 MHz Video. We are waiting on the installation of an 11 element beam at the College. BILL VE3CUK is looking after this detail and he will explain the system during the broadcast.

The newest 2 meter station is ERIC REID VE3GSI from Napanee. Active in the Club a few years ago, Eric is back on the bands again.

RON & HOWARD are planing on using 6 meter AM as an audio channel for FSTV.

FLASH! We are happy to report that CHARLIE KILGOUR VE3HPR is home from hospital and doing fine.

The Ontario Trilliums have taken over the ARRL QSL Bureau. Address

The Ont. Trilliums
P.O. Box 157,
Downsview, Ont. M3M 3A3.

Don't forget that outgoing services are available from C.A.R.F. National QSL Bureau, Box 66 Islington, Ont. M9A 4A1.

Each issue of the C.A.R.F. Bulletin contains a Band Countries list, third party traffic agreements and reciprocal licencing agreements.

Forms for operating in the U.S.A. are available from C.A.R.F. Box 356 Kingston, Ont. or from Howard Fralick VE3RL 59 Palmer Rd., Belleville, Ont.

Howard VE3RL also has a supply of Regulation Handbooks on hand.

Anyone needing a copy of Biback advanced or Beginners Handbooks may obtain same from VE3RL or the course instructor VE3HBR.

Anything for sale or trade? See TIM VE3HCM on the 7 pm Sunday nite 2 meter net.

We would like to see some of our old members active again. Even if you are not active, keep in touch a membership is only \$6.00 per year. It supports Amateur Radio and the Club. Think about it!! \$25.00 a year will support your local Club, ARRL, CARF and R.S.O. that boils down to \$2.00 a month. What a bargain!!

A Swap shop will be conducted on the Sunday nite net. 7.00 PM. on 2 meters. It will take TIM VE3HCM awhile to get it going. Please report any items for sale or want to purchase to TIM.

As approved by the members at last meeting the dues for 1976 will be \$6.00.

Those wishing to receive the Bulletin only (no membership) can have the bulletin mailed to them for \$2.00 per year.

Deadline for paying dues is March 1/76, after that date the mailing list will get it's yearly going over.

The Executive have appointed Committee Chairman as follows:-

Field Day Morley Wiltse VE3CYW and Brian Smith VE3HWU.

Program Sandra Campbell VE3HON & Glen Campbell VE3CJG.

Bulletin Howard Fralick VE3RL.

Car Rally Bob Brain VE3GTD.

Emergency Activities Brian Smith VE3HWU.

Public Relations Bill Hockley VE3HJD.

Refreshments Bert Hanson.

The Phantom Musician and his Xmas carols on the repeater played on a touch tone pad has us all guessing. Anyway it was a lot of fun and if we knew his identity I'm sure we could put his talents to good use at the next Ham "do".

VE3RL and VE3GAB are having a great time with fast scan TV. Howard reports that Santa brought him a tripod for his camera.

George VE3BZI is now in his new home in North Bay and hopes to have antennas up soon.

If you missed the VLF contest on 3-4 Jan. you missed a great "do". There was a fair opening on 6 meters and a temperature inversion on 2. Howard logged 37 stations on 6 SSB and 24 on 2 - SSB, as well as 6 on 2 - AM phone and 4 on 2 - CW. Got into Texas on 6 and Michigan on 2.

THE FOLLOWING ARE SENTENCES TAKEN
FROM ACTUAL LETTERS RECEIVED BY THE
PROVINCIAL GOVERNMENT, TORONTO

"I am forwarding my marriage certificate and six children. I have seven, but one died and was baptized on half a sheet of paper."

"Mrs. Jones has not had any clothes for a year and has been visited regularly by the clergy."

"Please find out if my husband is dead for certain the man I am living with can't eat or do nothing till he finds out."

"I am very annoyed that you have branded my son as illiterate as this is a lie. I was married to his father a week before he was born."

"In answer to your letter I have given birth to a boy weight 10 pounds. I hope this is satisfactory."

"I haven't had any children yet as my husband is a bus driver and works day and night."

"I want money as quick as I can get it. I have been in bed with the doctor for two weeks and he doesn't seem to do me any good. If things don't improve I will have to send for another doctor."

"In accordance with your instructions. I have given birth to twins in the enclosed envelope."

And lastly. "My husband has his project cut off two weeks ago, and I haven't had any relief since."
